Ironman Durban 70.3 123mds KimiTri Charity Drive for

To Whom it may concern:

The Time has finally come for us to announce the Charity for which we will be raising funds for at the Ironman Durban 70.3 event. It is with great pleasure that we proudly announce our Partnership with THE COWS for CHOC Childhood Cancer Foundation.

Our 123mds KimiTri Team has been hard at work Training for this event and we are very proud to announce that we will have 8 athletes taking part in the Ironman 70.3 Durban race. Now these are not pro or elite athletes. These are everyday people putting in the blood sweat and tears to make it across the finish line to raise funds for our very worthy cause. As you may know the 123MDS KimiTri team is dedicated to raising funds and awareness for many different charities and organizations. We love what CHOC is doing to help change the lives of children and their families living with cancer. We are very excited to help them in their efforts by making it across that finish line.

We will send out a document detailing the various options for you or your organization to be able to support our athletes and help us achieve our fundraising goal of R500 000,00 for this event. We would greatly appreciate your support in any way shape or form in assisting our committed team in accomplishing this goal.

We will see you at the Finish line of the Ironman 70.3 in Durban on the 5th June 2022 with “THE COWS” and our elated athletes who would not only have accomplished a mammoth task personally but will have changed the lives of so many children with your help.

I would like to thank all the 123mds KimiTri team members taking part in this event and the members going down for support and logistics. You are all truly amazing and none of this would be possible without you.

It is an absolute privilege to be part of this amazing team!! KimiTri Powered By Purpose

Warmest regards
