

To whom it may concern,

This letter serves to confirm that the 123mds KimiTri team are raising funds for The CHOC Cows who are part of CHOC Childhood Cancer Foundation SA.

### **Overview of CHOC Childhood Cancer Foundation SA:**

Cancer takes an enormous toll on everyone it touches. But it is possible to survive its ravages and end up stronger, wiser and more compassionate for having endured the journey. At CHOC we aim to provide the best possible support for children with cancer and life-threatening blood disorders, and their families. Beginning as a parent support group in 1979, CHOC then developed into a nationwide organisation and we are proudly nationwide.

Our holistic approach includes emotional support in the hospital wards, from diagnosis onwards and patient facing support ranging from accommodation, transport, Carebags and basic nutritional support.

Without our support, many children – particularly from low-income families living far from treatment centres – would not be able to access, or adhere to, the necessary but arduous treatment cycle, which can last over three years.

CHOC also advocates on behalf of those whose lives have been affected by childhood cancer through awareness campaigns and lobbying.

### **123mds KimiTri team will be raising funds and giving CHOC the profits raised for the following event:**

Ironman 70.3 taking place in Durban

5<sup>th</sup> of June 2022

Team: 123mds KimiTri
